## WHY CLOUDFLARE?

All client websites are hosted and managed through Cloudflare — the world's leading web infrastructure platform. Here's why that matters for you:

**Speed** — Cloudflare's global CDN delivers your site faster to every visitor, regardless of location.

**Security** — Built-in DDoS protection, bot filtering, and firewall rules keep your site safe.

**Reliability** — 99.9%+ uptime SLA. Your site stays online even during traffic spikes.

**One dashboard** — Your domain, DNS, SSL, and analytics — all in one place, managed for you.

## COMMON QUESTIONS

### Do I own my domain?

Yes, always. Your domain is registered in your name. I manage it on your behalf, but you can transfer it anytime.

### What if I need more than 1hr of support?

Additional hours are billed at \$150/hr. Most small updates are included — you'll only pay for significant changes.

### Can I upgrade my plan later?

Yes. You can upgrade at any time and we'll prorate the difference. Downgrading is available at annual renewal.

### What if I don't have a website yet?

Web development projects are quoted separately. Maintenance plans kick in after delivery. Ask about bundle pricing.
