DOMBROWSKI TECHNOLOGIES
CUSTOM WEB TECHNOLOGY FOR GROWING BUSINESSES

dombrowskitechnologies.com
hello@dombrowskitechnologies.com

Every engagement starts with understanding your business — not just your website. Below you'll find standard service packages and pricing. All projects begin with a free discovery call. Custom scopes and bundled pricing are available.

WEB DEVELOPMENT

Landing Page

A focused, high-converting single page built for a specific offer or audience. Perfect for new businesses, campaigns, or service launches.

$1,800
starting — typical range $1,800–$3,500

— Custom design (no templates)

— Mobile-first, fast-loading

— Contact form + basic analytics

— Cloudflare deployment + SSL

Multi-Page Website

A complete professional web presence covering 5–10 pages. Built to represent your business and grow alongside it.

$4,500
starting — typical range $4,500–$8,000

— Custom design system

— CMS integration (optional)

— SEO foundation + performance optimization

— Domain + Cloudflare setup

Web Application

Custom software delivered through the browser — dashboards, portals, booking systems, internal tools. Built to your exact workflow.

$10,000
starting — scoped per project, typically $10K–$30K+

— Full-stack (Next.js / React)

— Database design + API development

— Authentication + user roles

— Cloud hosting + documentation
